A vibrant spring landscape illustration. The sky is a clear, bright blue, filled with several large, fluffy white clouds. Several butterflies are scattered throughout the scene: a white butterfly in the top left, a blue butterfly near the top left, a white butterfly in the top right, a blue butterfly on the right side, and a light blue butterfly on the left side. The ground is a rolling green hillside. In the foreground, there is a dense field of white daisies with yellow centers, interspersed with tall green grasses and some fern-like plants. A few butterflies are also shown on the ground: a yellow butterfly on the left, a yellow butterfly in the center, and a yellow butterfly on the right.
